

THE SOCIETY OF
AUTOMOTIVE HISTORIANS
IN BRITAIN

FROM THE SECRETARY
ANDERS DITLEV CLAUSAGER, 62 VICEROY CLOSE, EDGBASTON, BIRMINGHAM, B5 7UT
TEL: 0121 440 4745; E-MAIL: SAHB.SECRETARY (AT) BTINTERNET.COM

The Society of Automotive Historians in Britain was formed in 1980 to encourage the research, preservation, recording, compilation and publication of historical material concerning the development of the motor car and related subjects, from inception to the present day.

For its members, the SAHB provides a unique camaraderie and an information exchange network through which other people with similar interests can be located. The Society's membership includes a wide range of individuals with varied interests, professionals as well as private enthusiasts, who all support the preservation of our motoring heritage for future generations to appreciate.

The SAHB was originally formed as a chapter of the American SAH, itself founded in 1969, which has several hundred members from all walks of life in more than twenty-six different countries around the world, but at the AGM of the SAHB on 25 October 2015, members decided that the SAHB should become an independent organisation. In 2020 the Society became a company limited by guarantee registered in England no.12780211.

The SAHB has over 200 members, including some in Europe and overseas, and has links with the AHG in Germany, AISA in Italy, the CONAM in The Netherlands, PHAF in France, and other similar national bodies.

If you have read this far it indicates that you share our passion for the history of motor vehicles, so why not join **The Society of Automotive Historians in Britain** – new members always receive an especially warm welcome.

SEMINARS

The Society organises two Seminars each year, in the spring and in the autumn, allowing members to meet face-to-face. Held at different venues around the country, Seminars have members and guest speakers giving presentations that cover a wide variety of motoring-related topics – and usually generate lively debate. The AGM is held in conjunction with the autumn seminar.

PUBLICATIONS

By becoming part of **The Society of Automotive Historians in Britain** you will receive two different publications, written and edited by people keen to share their specialist knowledge and expertise. The Society publishes **SAHB Times**, a quarterly newsletter with items about members' activities, short articles, letters, requests for information and classified adverts.

In addition, there is the annual **Aspects of Motoring History** – an acclaimed book produced by the Society since 2005 containing in-depth articles that cover both ancient and modern automotive subjects. Some back issues are available, together with an index of issues 1 to 10.

The SAHB publishes a **Membership Directory** in printed form. The latest issue was published in 2017, it is hoped to issue a new directory in 2020.

WEBSITES

The SAHB website is thesahb.com.
